

Internal Affairs Commission

The IA Commission met @ Dept HQ on December 5th 2009 @ 11:00 AM. Three of the commission members present with the two

From the 3rd and 4th Division absent. Larry Beeson from the 4th

Was at a National meeting, and as such was excused. First order Of business was a situation that had come up with the SAL. After Verbal and written correspondence with the Dept Commander, it Is our understanding that at this time the IA does not need to go Any farther with that particular situation.

Part of the responsibilities of the IA commission is to oversee The activities of the commissions and committee's of the Dept and To see that their activities are consistent with objectives of the \ American Legion and that they are remaining active. As such, one Committee has come to our attention and we will be asking for the Chairman of it to give us some information on its activities for the Last five years. This committee is the Athletic committee. It's Primary function is to hold a state bowling tournament and it is

Our understanding that in the last few years, they has been very
Little response from the posts. This year there was only one team
Entered in the tournament. So we will be asking their Chairman
For a report.

We broke for lunch and then joined the other committees and
Commissions that make up the “Big 4” for our joint meeting.

Respectfully

Larry W. Moore
