Asked the new members to the committee why they are on the Technology Committee.

As we go out to our Division and District meetings if you here from a commander or post of issues on the Department web site to give the Technology committee the information for us to compile then forward to department instead each individual calling department with things they might have found.

National wants post's to put their history out on web site for public to see.

National is also encouraging more post adjutants to get signed up on [mylegion.org](http://mylegion.org) for member information.

Talk to your Districts in your divisions to see if we can give a class or more information on [mylegion.org](http://mylegion.org) to posts.
