The meeting was call to order at 1:00 p.m. by Chairman Ron Payne.

Committee members present:

Ron announced that the committee budget would remain the same for the upcoming year. A discussion of the members experience with the use of Mylegion.org in their respective divisions ensued. The consensus was that it is being well used in posts and districts that have tech-savvy officers in place. Those that don't haven't shown much interest and that is unlikely to change at this point. The remainder of the time was spent discussing questions submitted to the committee by Christy Rich and staff regarding the Department web site. The main thrust of are discussion related to the fact that the site needs to address two different audiences, one being existing members and the other being prospective members. We tossed around different ideas and were joined briefly by Chad Woodburn. We agreed that we should meet with the web site committee for further discussion and adjourned at 2:20 PM.

Respectfully submitted by

Ron Payne
